

GIVES AWAY \$687,500 ON FIFTIETH BIRTHDAY

Julius Rosenwald, of Chicago, Divides Benefactions Between Charity and Education.

EIGHT BODIES GET AID

University of Chicago and Associated Jewish Charities Split Half a Million—Social Workers Remembered.

Chicago, Aug. 11.—Julius Rosenwald, a leading merchant of Chicago, made birthday gifts to-day amounting to \$687,500. He was fifty years old this morning. Charity and education received the entire sum.

Mr. Rosenwald divided the total into eight parts, each of which went to a separate body. Half a million dollars was split evenly between the University of Chicago and the Associated Jewish Charities here. A unique contribution was one of \$50,000 to endow a country club "which will furnish a comfortable resort for recreation at week ends and in summer and winter for those who employ their time in philanthropic and social work."

Mr. Rosenwald's idea regarding how broad should be the benefit of his money was made plain in a statement, that the \$250,000 presented to the Associated Jewish Charities of Chicago was specifically for a structure to be known as the West Side Charities Building, which, after supplying the needs of a central registration bureau for the relief department and employment bureau of the Jewish Aid Society and the Jewish Home Finding Society, must furnish all available space to any other philanthropic or civic work, whether Jewish, Protestant, Catholic or non-sectarian.

In detail, Mr. Rosenwald's gifts are as follows:

University of Chicago, for a woman's gymnasium and buildings for geological, ethnographic and classical departments, \$250,000.

Associated Jewish Charities of Chicago, for the centralization of the Jewish work and its general improvement, \$250,000.

Chicago Hebrew Institute, for the erection and equipment of a gymnasium, \$50,000.

Endowment of a country club for social workers, \$50,000.

Dr. Hooper T. Washington, for the improvement and elevation of schools for negroes, \$25,000.

Mr. Nathan Home for Jewish Orphans, completion of building now in construction, \$25,000.

Chicago Winfield Tuberculosis Sanatorium, toward a new building, \$25,000.

Greenwood Manual Training School, to purchase a farm, \$25,000.

Miss Jane Addams, of Hull House, who made the announcement of Mr. Rosenwald's benefactions, was named by him to be one of the trustees of the Country Club for Social Workers. The other trustees are Miss Minnie F. Low, Judge Julian F. Mack, Sherman C. Kingsley, Father P. J. O'Callaghan, Louis M. Cahn and William C. Graves.

According to Miss Addams, the gift to the University of Chicago is payable immediately when the university shall have based on other sources twice as much more for the purpose named.

The \$50,000 endowment for the Country Club for Social Workers becomes due on Mr. Rosenwald's approval of plans which demonstrate that the institution through membership paying a minimum of dues can be self-supporting.

The negro school fund and that for the Chicago Hebrew Institute are required to be doubled by other contribution.

INNER SKIN FOR OLYMPIC

White Star Liner To Be Transformed at Belfast.

Belfast, Aug. 11.—During the coming winter the White Star Line steamship Olympic will undergo a renovation costing close to \$1,000,000. The principal alteration will be the provision of side bunkers, which practically means an inner or second skin.

The decision of the White Star Line to renovate the Olympic is in accordance with a recommendation contained in the judgment pronounced by the British Board of Trade inquiry into the Titanic disaster that seagoing ships, in addition to their watertight transverse bulkheads, be provided with a double skin, carried above the waterline, or with a longitudinal vertical watertight bulkhead on each side of the vessel, or both.

LINE-UP AGAINST U. S. PREDICTED IN PARIS

"Le Temps" Thinks Senate's Canal Policy Will Precipitate a Tariff War.

Paris, Aug. 11.—Quoting approvingly American protests against the action of the American Senate in passing the Panama Canal bill which, among other things, provides for the remission of tolls to American vessels engaged in coastwise and foreign traffic, the Paris "Temps," in an article published to-day, foresees a tariff war of all the powers against the United States unless President Taft avows a course "which wrongs the interests of the rest of the world and betrays the solemn affirmation of the Cabinet in Washington that the whole purpose of the work at Panama was in the interest of mankind in general."

"Le Temps," which says that it does not wish to intervene in the controversy until the American government has definitely decided the course it will take, adds:

"Perhaps the Americans would better serve their commercial interests by more scrupulously respecting their legal engagements. Fidelity to a pledged word is often sagacious."

ENGLAND WILL PROTEST

"The Times" Foreshadows the British Attitude.

London, Aug. 12.—"The Times," commenting on the Senate's action regarding the Panama canal bill, says: "We shall most certainly protest against the bill if it remains in its present shape or if it encroaches upon what we deem to be our plain treaty rights. Our protest will be quite friendly in substance, spirit and manner, but will also be firm. The interests involved are too great and the rights infringed too plain for us to refrain from asserting them as strongly as the forms of diplomatic intercourse with a friendly nation will allow. Should diplomacy fail to solve the controversy, a contingency we hardly think probable, confident in the goodness of our cause, we shall unhesitatingly propose to submit the dispute to arbitration at The Hague. It has already been suggested that the government which has hitherto prided

MAY BOLT ROCKEFELLER

Financier Oils Steam Roller for School Candidate.

Interest is being taken in the school election to be held at Pocantico Hills to-morrow, when Mrs. Ellen M. Milton, John D. Rockefeller's candidate, will run to succeed herself. In the May election Irving L. Bryant, a farmer, sprung a surprise and defeated Mrs. Milton by one vote, because the Rockefeller forces were taken unawares. Mr. Rockefeller, however, carried the election to the State Department at Albany and had it thrown out on a technicality, and a new election was ordered.

Mr. Rockefeller is not taking chances any more, and to-morrow night a large number of voters from his estate will be on hand. No opposition is expected from Bryant, who has sold his place to Rockefeller and will move away. What the Catholics will do is not known.

Mr. Rockefeller recently bought several tracts of land which the Catholic Foreign Missionary Society of Hawthorne wanted for a new home, and they may resent Mr. Rockefeller's action by putting up a candidate. Cardinal Farley has ordered that the purchase of the Ossanti property of fifty-two acres by Mr. Rockefeller be fought to the limit of the law.

LIVED WITHOUT STOMACH

Man Survived Loss of Organ More than Two Months.

Redding, Cal., Aug. 11.—Living two months without a stomach and never knowing that the organ was missing was the experience of John Broadhurst, who died near here last night at the age of forty-five years. Broadhurst, who was an engineer, was taken to the hospital a little over two months ago suffering from cancer. Through an operation his stomach was removed, and, not to discourage the patient, attending physicians did not inform Broadhurst of the nature of the operation.

Broadhurst improved, living on fruit juices and a little solid food. However, his weakened condition caused his death.

CHICKENS TO WIN VOTES

Kansas Women Adopt Novel Scheme to Raise Campaign Fund.

Topeka, Aug. 11.—Kansas farmers' wives and daughters who are working to have the full suffrage amendment carry at the fall election will contribute to a "chicken fund" to help the cause.

Each woman will take to the county seat a chicken, which she will sell, and the money thus raised will be devoted to campaign expenses.

FIREBUG WARNS, THEN BURNS

Tells Woman Building Will Be Destroyed Before Applying Torch.

North Attleboro, Mass., Aug. 11.—A real estate agent Mrs. Johanna Cole, a few days ago in Attleboro Falls, received a note warning her that one of her buildings would be set on fire. The police took special measures to guard the property, but to-day Liberty Hall Block, a three-story building, owned by Mrs. Cole, was burned with a loss estimated at \$15,000.

Police and fire officials believe the blaze to have been of incendiary origin.

"SAM" SCHEPPS, THE "PAYMASTER."

Fugitive gambler arrested in Hot Springs, Ark., who, it is understood, is ready to tell all he knows about the Rosenthal murder.

DESERTED LIKE A DOG, ROSE WROTE SCHEPPS

Letter That Caused Arrest Says That Becker Was First to Try to Get from Under—Advised Surrender.

Hot Springs, Ark., Aug. 11.—A letter written by "Jack" Rose, the gambler under arrest in New York in the Rosenthal case, to "Sam" Schepps led to the arrest of Schepps, who was posting his answer when seen and apprehended.

The letter from Rose is believed to be the first authentic statement written by him since the murder. It was given out late last night and is as follows:

"Dear 'Sam'—I don't know what you have heard or read, but it has got down to a stage where the electric chair stares us in the face. The first man to try and get from under was Becker. There were many people who saw everything that night, and the next day the District Attorney knew what part everybody played in the thing, and nobody could have got away.

"I was deserted like a dog by Becker. When I saw what the situation was I opened up negotiations with the District Attorney, who offered me a sort of cover that I cannot go into details by writing. I insisted that the same protection given me be extended to Harry, 'Bridge' and you, to which he finally agreed. We are all pleased with the arrangement, and our worry has been to get you to come in and get the same benefits we got before it is too late.

"My advice is to let me send a representative of the District Attorney to bring you back here. That would prevent the police getting you and putting you through a third degree. Don't say a word to any one. You know, 'Sam,' that you have been too loyal and dear a friend of mine for me to ask you to do this if I wasn't positive that you haven't a chance otherwise. Immediately on receipt of this wire me to Louis House what you want to do.

"JACK."

BOMB SENT TO GIRL WOUNDED TWO MEN

Police Are Searching for Rejected Suitor of Young Woman of High Point, N. C.

Greensboro, N. C., Aug. 11.—Starting disclosures indicating that the infernal machine which exploded in the High Point office of the Southern Express Company on Saturday was meant for a High Point girl, followed an investigation of the mystery to-day by United States Attorney Holton and the police here.

Revelations said to have been made by this girl to the authorities have caused the police to search for a man who lived at Thomasville, N. C., and who is said to have good business and social connections.

The inquiry, the authorities say, has established the fact that the infernal machine, which seriously wounded W. M. Brisebe, the express company manager, and his cashier, Alton Morton, when it exploded in the office yesterday, was sent from Thomasville. Until an arrest is made officials decline to reveal names of persons concerned in the case.

The young woman to whom the package is addressed is said to have told Mr. Holton to-day that the suspected man became infuriated last fall when she scorned an offer of marriage, and that he left the house in a high rage, declaring that he would send immediately by express certain trinkets which he held as presents from her.

SCHEPPS AFRAID HE'LL BE KILLED BY POLICE HERE

Captured Gangman Tries to Bribe Hot Springs Official to Smuggle Him Secretly Back to New York.

WAS TAKEN BY POSTMASTER

Alleged Blood Money Paymaster Had Attended Church Social at Prosecuting Attorney's Home and Enjoyed It—Had Been Taking Course of Baths.

Hot Springs, Ark., Aug. 11.—"There are more than ten thousand police officers in New York City, and nine thousand of them would not hesitate to put me out of the way if they had half a chance," declared "Sam" Schepps to-night.

Arrested in this city late yesterday afternoon, Schepps is alleged to have been the go-between in the New York police graft scandals. Further, he is alleged to have paid the murderers of Rosenthal their blood money.

"I do not want to go back with those Burns detectives, nor with Whitman's representatives," Schepps continued. "I will give you, Captain Howell, \$500 if you will take me back right away and not say anything to them as to when you will arrive there with me."

The conversation took place in a room in the Marquette Hotel, where Schepps was being detained under a heavy guard. Captain Howell, to whom the suggestion and offer was made, frowned down the offer and assured the fugitive he would have to go back with New York officers, who are expected here in time to start back with Schepps on the early train to-morrow morning.

Schepps was arrested late yesterday afternoon as he was in the act of posting a letter indirectly addressed to "Jack" Rose, now in the custody of the police of New York. Postmaster "Fred" Johnson, who holds a commission as a deputy United States marshal, effected the arrest and turned the man over to the custody of Police Captain Howell.

HERO'S WIDOW GETS \$1,080

He Gave His Life Trying to Rescue Spring Valley Miners.

Washington, Aug. 11.—Mrs. Kate Ferrell, widow of John Ferrell, a rescue worker of the United States Bureau of Mines, who lost his life several months ago in an attempt to save others in the Spring Valley, Penn., mine disaster, has received a check for \$1,080 from the government.

The money, which represented one year's salary of the dead man, was granted by special act of Congress at the solicitation of Dr. J. A. Holmes, Director of the Bureau of Mines.

Special acts for such cases will not be needed in the future, for Congress recently enacted legislation which includes Bureau of Mines employees in the general compensation act.

HOPE TO CURE HUNCHBACKS

Johns Hopkins Doctors Will Experiment with Bone Grafting.

Baltimore, Aug. 11.—Physicians of the Johns Hopkins Hospital are planning experiments for perfecting a new treatment for Pott's disease, commonly known as hunchback, entirely eliminating the old mechanical devices. Grafting of bone will form a conspicuous part.

For many years much success has been obtained in the old way, although there always has been a desire for a treatment which will secure absolute immobilization of the diseased joints, which will relieve the pressure. The new treatment does this.

The operation will be performed in a similar manner to that for the stiffening of the knee joint, as was done recently by mortising the knee plate in one of the tendons of the leg into the joint, after the tough and fibrous tissue surrounding the bone had been removed, thus generating the necessary bony tissue. The fibrous tissues as removed were preserved and returned to the upper and lower joints, where a continuous bone was produced, thus obliterating the joints. It is on this theory that the new method of treating Pott's disease is based.

BOY'S PRAYER SAVES LIFE

Caught in Box, Asks Lord "To Send Mamma" to His Aid.

Baltimore, Aug. 11.—Raymond Scott, six years of age, whose parents live in Gardenville, a suburb of Baltimore, while playing in the chicken house yesterday, squeezed himself into an empty food box and the top fell and locked automatically. For more than an hour the child was imprisoned and was slowly suffocating when his mother, impelled by an uneasiness for which she cannot now account, went to look for the child and found him barely conscious. His body, from which he had torn his clothes, was badly bruised.

"I tried to get out and couldn't," he told his mother. "Then I cried and called, and when you did not hear me I asked the Lord please to send you to me."

"How long did it seem to you before your mother came?" he was asked.

"About five hours," he answered.

"Then the Lord sent my mamma,"
